

Secretary's Report

The year just completed has again been a good one for the Association. Our journal has found a place in the ornithological world, and an analysis of the contents of Vol. 4 which comprised four parts totalling 84 pages shows the following information:

Twenty-seven contributors submitted 17 articles, 16 short articles, 5 reviews and numerous notes and photographs. Recovery Round-up recorded 236 recoveries and re-traps of 74 species, while five species were covered in "Bird in the Hand".

Membership at 31st December, 1966, is compared with the 1965 figures.

	31.12.65	31.12.66	Increase
Full members	178	195	17
Associate members	131	171	40
Junior members	67	55	-12
TOTALS	376	421	45

The membership lists recorded 11 changes in status to Full membership during the year.

On behalf of the committee I would like to thank those members and friends who assisted during the year in the production of *The Australian Bird Bander*.

B. S. Carter, Hon. Secretary.
